HOW TO MEASURE

- For best results, have someone else take measurements.
- Measure body in underwear.
- Tape must be snug but not tight.
- If measurements fall between two sizes, order the larger size.

- ① **HEAD** Around your head, from the center of the forehead, above the ears and over the natural bump at the back of the head.
- ② **ARM LENGTH** Let the hands hang down on the side in a slightly bent position. Measure from the center of the back of your neck, along the length of your arm, to the wrist.
- ③ **CHEST/ BUST** Measure under your arms, around the fullest part of your chest.
- ④ **WAIST** Measure around your natural waistline, keeping one finger between the tape and body.
- ⑤ **HIPS** Across the fullest part of the seat.
- ⑥ **INSEAM** Without shoes, from crotch to the floor.

WHAT CODE REPRESENTS YOUR SIZE?

- 1. Find your size.
- 2. The corresponding code is **THE CODE** you use to complete the part number on your order.  
Example: 440227\_\_90 Size: M = Code "06", therefore 4402270690
