# HOW TO MEASURE

- For best results, have someone else take measurements.
- Measure body in underwear.
- Tape must be snug but not tight.
- If measurements fall between two sizes, order the larger size.

<b>1 HEAD</b>	Around your head, from the center of the forehead, above the ears and over the natural bump at the back of the head.
<b>2 ARM LENGTH</b>	Let the hands hang down on the side in a slightly bent position. Measure from the center of the back of your neck, along the length of your arm, to the wrist.
<b>3 CHEST / BUST</b>	Measure under your arms, around the fullest part of your chest.
<b>4 WAIST</b>	Measure around your natural waistline, keeping one finger between the tape and body.
<b>5 HIPS</b>	Across the fullest part of the seat.
<b>6 INSEAM</b>	Without shoes, from crotch to the floor.
